

Colma Parish To Stage Festival Saturday Night

"The Ghost in the Green Gown" is the intriguing one-act play which will highlight a mammoth entertainment in Colombo hall, Saturday night.

Sponsored by the Colma parish to raise funds for building a new church, the festival is expected to attract a record crowd of merry-makers.

Dancing, refreshments, games of chance, decorated booths and a bazaar will add to the evening's pleasure. The public is invited.

Complete details of the program, which will begin at 8 p. m., were announced today by the Reverend James Sorasio, pastor of Holy Angels church:

1. Children's Chorus
2. Accordion Solo — Norma Pedemonte
3. Cowboy Band, directed by Dante P. Lembi
4. One-Act Play—"The Ghost in the Green Gown"—directed by Mary Belli, and starring Gloria Fontana, Doris Degliantoni, Maxine Clark, Claudia Bertini and Alice Yorkman.
5. Song — Josephine Puricelli

Ten Dollars Stolen From Cottage Nursery

Cottage Nursery was ransacked Thursday night and \$10 in cash removed from hiding places in two small vases, Daly City police reported today.

The rear entrance to the place was open, according to police. The nursery is located on Junipero Serra boulevard near S c h o o l street.

Recreation Director Attends Conference

Bruce H. Boynton, local WPA Recreation director and assistant county recreation supervisor, returned Sunday evening from a four-day conference at Mills college.

Several hundred recreation leaders from throughout Northern California attended the event. Demonstrating the teaching of ceramics was Miss Jehan Dorn, local recreation leader.

Roosevelt Rally Staged In Daly City

First of a series of Roosevelt rallies in San Mateo county was staged in Daly City Theatre hall, Friday evening.

Several noted speakers addressed the crowd on current political problems. Second in the series of public meetings for the "Re-Elect Roosevelt" campaign was held Monday evening in Loma Park.

In charge of the Daly City rally were Frank Garibaldi, Colma, county Roosevelt campaign chairman, and Peter J. Kelly, 40 Alexander, chairman of the Democratic central committee.

Have Some Soup?

At least one Daly City resident will not go hungry this week — that is, if he likes canned soup.

Daly City police report that an unidentified pedestrian made the year's most unusual "find" last Wednesday when he discovered twelve cans of tinned soup in the middle of San Jose avenue.

The report does not state what kind of soup it was, whether chicken or mushroom. But it may be safely assumed that if Daly City streets cannot be paved with gold, soup is the next best bet.

American Labor Looks Ahead

Tomorrow will mark another reduction in the standard work week of American labor. Under the federal fair labor standards act, the number of working hours will be reduced from 42 to 40, compared with 44 hours when the law went into effect two years ago. This will give the United States the shortest work week guaranteed by federal law of any country in the world. Constitutionality of the act will soon be considered by the U. S. Supreme court.

Magic? Yes, But You Can Do These Tricks

"Cooking School"—two words that spell magic and sleight-of-hand tricks. The difference between a cooking school and the usual magician's show is that your cooking school lecturer explains all her tricks so you in turn can perform them just as easily as she.

The vivacious and charming Miss Carolyn Carr, expert home economist, brought to Daly City for the Record's big two-day cooking school at the local theatre, invites you to join the throng of home-makers at the session this afternoon. TODAY'S THE LAST DAY.

Your local newspapers, The Daly City Record and Shopping News, and Daly City and Colma merchants are cooperating to give you a really wonderful cooking school. Be sure to come. Courtesy passes are available at the newspaper offices, 3317 San Jose avenue or at your own grocer's. Time: 2:30 p. m. at Daly City theatre.

Daly City Pioneer Killed In Crash

Raymond C. Christian, 137 Flournoy street, Daly City pioneer, was killed instantly early Sunday morning when struck by an automobile near Concord, in Contra Costa county.

Christian had been visiting friends in Concord and was returning alone to the ranch of his brother, George E. McDonald, when the accident occurred.

A resident of Daly City for the past twenty years, Christian was (Continued on Page 8)

Sabotage?

An unidentified prowler cut telephone wires, tampered with an alarm system and forced open several windows in an attempt to break into the large hangar of the U. S. army air corps training base at Moffett field, Sunday.

Extra guards were ordered as a result of the incident. Damage was slight.

Storm At Sea

A storm, centered 800 miles off the coast of Eureka, this weekend, sent mountainous waves pounding along the San Mateo county seashore.

Almost every beach on the entire 50-mile stretch of coast was battered by high-breaking waves. Cliffs that rise 100 feet and more

were angrily attacked, although no damage was reported.

A huge sea lion was washed ashore at Moss Beach.

At Rockaway Beach the waves were up to the breakwater that protects the town.

Cultural Theft

A culturally inclined, quick-witted burglar, with a flair for symphonies, was sought today for the theft of a \$200 radio-phonograph, a valuable collection of classical records and other articles from a Burlingame apartment.

Another—or the same—musically-minded thief stole three radios from a Burlingame shop the same night.

Daly City Registrants Await National Lottery, Tuesday, October 29

Most popular place in town this week is the basement of the city hall.

There are posted several sheets of legal-sized paper covered with serial numbers of the 3029 men who registered in District 103 for the national draft last Wednesday.

These serial numbers will be placed in a bowl and drawn out one at a time in the national lottery, Tuesday, at Washington, to determine the order in which the men will be called to service.

The list reveals many interesting facts. A man named Smith—George Smith, 293 Los Banos avenue—

Committee Thanks Local Precinct Workers

Daly City's volunteer registration committee who directed the smooth-working draft sign-up here last Wednesday, today extended their thanks to precinct workers in the following letter:

"The committee in charge of the Selective Service Registration wish to thank those who so generously gave of their time to serve in the registration on October 16, 1940.

"Their services were most efficient and contributed in no small manner in making the Daly City-Colma Area Registration complete.

"A total of 1636 men registered in the district, which speaks very highly of our willingness to assist in the National Defense program.

Jefferson Union Alumni Meet To Elect Officers

Paul G. Green, class of '32, was elected president of Jefferson Union High School Alumni association at an organization meeting, Monday evening. More than 140 Jefferson graduates were present at the high school auditorium to whip into shape articles for a constitution and to choose the first set of alumni officials.

Roy Wilson was elected vice president; Elayne Wadiker, secretary; Pete Markovich, treasurer, and Bob Baird, sergeant-at-arms. President Green named three committee chairmen: entertainment, Mrs. Eleanor (Hutchings) Cameron; finance, Steve Armstrong; and student aid, John Harper.

Refreshments were served in the cafeteria following the meeting. Next regular meeting will be held late in November. Officers and committee chairmen will then announce social and welfare programs for the winter season.

Jeff Names January Graduation Speakers

Barbara Foreman and Bob Capps, popular Jefferson Union high school seniors, have been chosen as speakers for the graduation class of January, 1941.

Scholastic ratings will make Miss Foreman the valedictorian and Capps the salutatorian. Brief addresses will also be presented by the senior president, Norma Barker, and the student body president, Bill Rigler.

drew number one. Second card to be drawn from the pack was Vincent John Simonini, 51-A Evergreen, while James Stephen McKell, 340 Winchester is number three.

Assigned number thirteen was Bruce Royal Johnson, 50 Theta avenue. Only the national lottery will show whether it was an "unlucky" number or not.

Last card drawn, number 3029 went to Edward Francis Fernandes, Sharp Park. Numbers 3027 and 3028 were assigned respectively to William Ferrando, 350 Irvington, and Richard J. Rogers, 63 San Diego.

Six of the local registrants have applied to the draft board to volunteer for service immediately. Leon Altman, 87 Cavour street; Lloyd J. Stone, 211 F. street, J. B. Sonderman, South San Francisco; Stanley Carlton Simpson, 255 Los Banos; Jack Walter Adams, Bayshore City, and Frank Tringali, 116 Flournoy street will automatically be among the first called provided they fulfill eligibility requirements.

Men whose numbers are drawn in the national lottery will be sent questionnaires which must be returned within five days of the sending date.

Returned to the respective draft boards, the completed questionnaires will provide the basis for determining whether a man will be called to service or placed on the deferred list. Any appeal on the decision of the board must be made directly through the board which will forward it to the appeal board for this district.

The timetable calls for certification of the first batch of men immediately available by November 4.

Headquarters of the local draft board is located on the second floor of the city hall, and is under the direction of Robert T. Short, clerk appointed for this district last week by William H. Morrissey, county draft director. Hours are 9 a. m. to 5 p. m.

No penalties will be imposed upon young men who failed to register Wednesday if they sign up with the draft board before the lottery on Tuesday.

Repeat Performance

Mrs. William Donaldson, 593 Bellevue avenue, had to cook dinner all over again last Wednesday evening.

Fire Companies No. 1, 4 and 5 arrived in plenty of time to extinguish the fire which started in the oven of Mrs. Donaldson's gas range, but they were too late to save the dinner which was cooking in the oven.

But it's all in a life-time, and Mrs. Donaldson set about broiling sausages again, glad that her home was saved.

Ice Skaters Face Qualifying Tests

Qualifying tests for official ice skating competitions will soon be started at Winterland, San Francisco, it was announced yesterday.

The San Francisco Skate and Ski club will conduct the tests under sanction of the United States Figure Skating association and those who pass will carry the club's name into California and Pacific Coast competition in January.

The list of "starters," according to club officials, is virtually certain to include Marcella May, Margaret Fields, Zoe Longfeld, Barbara and Helen Uhl, Beverly and Gloria Licht, Peggy Egan, Viola Miles, Ed Bodell, Bill Hart and George Monnier.

The new system of holding local qualifying tests is expected to enliven the competitions by narrowing down entries to those actually able to compete, skating club officials said.

Bearcats Of San Mateo Defeat Jeff Gridders

Rapidly becoming the most unpredictable eleven in the P. A. L., the Bearcats of San Mateo high school dampened Jeff's Huskies as they stamped out a 26-7 victory, Friday.

In the third quarter Jefferson began to make things look tough for San Mateo when they took the ball on their own 43. After passing the ball several times, for small gains, Lekoff passed to Rainey for a touchdown. From place kick Lekoff passed to Poddig for the seventh point.

Orchids go to Bill Lekoff, half, and Herb Poddig, end, who stood out as Jefferson's ace-one defense men.

The starting line-up was as follows: Ends, Dyer and Poddig; tackles, Faulk and Frates; guards, Schauer and Caccia; center, Rigler; quarterback, Rupert; left half, Lekoff; right half, Razzari; a n d fullback, McGarth.

Liquor Licensees Can Now Tell Age

Last Wednesday's draft registration will be of invaluable assistance in preventing the sale of liquor to male minors, Commissioner George R. Reilly, member of the State Board of Equalization for this district, pointed out today to liquor licensees throughout his district.

In his statement Commissioner Reilly explained that if there is any doubt in the mind of an operator regarding the age of a young man seeking to purchase alcoholic beverages, all the licensee has to do is to ask to see the draft registration card of the would-be purchaser. These cards must be carried by the registrants at all times, according to federal law.

With this new and accurate check, the board member said, there would be no excuse on the part of the licensee for selling an intoxicating beverage to a male minor. The State Board of Equalization, he explained, will deal drastically with violators.

Reilly added that if the prospective purchaser cannot produce a registration card, either he is not 21 years old, or if he is, should be turned over to the authorities for failure to have the card.

Washington's Farewell Address
Washington's "Farewell Address" was written primarily to eliminate himself as a candidate for a third term. It was never read by the President in public, but printed in Claypoole's American Daily Advertiser, Philadelphia, September 19, 1796. The address is in two parts. In the first Washington definitely declines a third term, gives reasons, and acknowledges a debt of gratitude for the honors conferred upon him and for the confident support of the people. In the second, more important part, he presents, as a result of his experience and as a last legacy of advice, thoughts upon the government.

No, it wasn't **SPEED** we were after

THE mighty straight-eight that propels the 1941 Buick CENTURY, ROADMASTER and LIMITED, is, we believe, America's most powerful standard-production automobile engine.

That suggests immediately that here is the instrument of great speed—but the fact is it wasn't speed we were after when we built it.

We were shooting for *more efficient use of the fuel you burn* — more economy, more power, more pick-up—yes, even easier car handling through less frequent need for shifting.

Consider, for example, just one quality of this great power plant—the tremendous *reserve of power* it puts at your command.

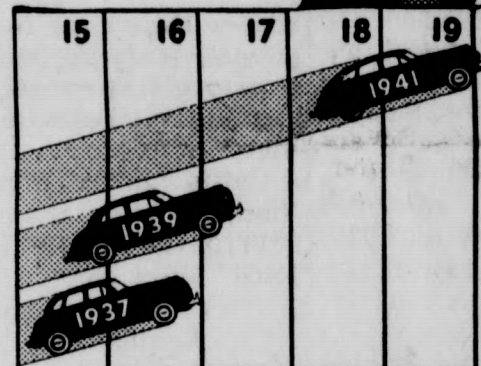

At 20 miles an hour this Buick uses only 7.4% of its available power—at 30 only 9.7%—at 50, less than one-sixth, and so on.

You can see for yourself how this tremendous reserve, instantly available, eliminates much of your need for shifting to lower gears.

WHEN BETTER AUTOMOBILES ARE BUILT
BUICK WILL BUILD THEM

*According to the Encyclopaedia Britannica, a super meteor which travels with a series of explosions like the shock waves of a great projectile is called a "FIREBALL."

HERE'S MODERN ECONOMY—You can see how Compound Carburetion steps up miles-per-gallon in this chart. It shows the mileage at 50 miles an hour for our 1937 SPECIAL, our 1939 SPECIAL and the 1941 SPECIAL with Compound Carburetion.

It does even more—for with all this power, we can use a more economical gear ratio in our standard top speed.

And that means that all the time you travel in high—you are getting the equivalent of overdrive or fourth-speed economy without mechanical complication.

In consequence: miles per gallon go up as much as 10% to 15%.

This husky 165-horsepower giant actually gives more gasoline econ-

omy than our 107-horsepower engine of a year ago.

At 50 it consumes no more fuel than the same-sized engine of conventional design drinks up at 30.

The whys and wherefores of such performance are best understood when you have an engine to look at and someone to answer your questions about it.

Two things account for all this good — FIREBALL* design that gets more power out of every gallon of gasoline and Compound Carburetion that gives your engine two distinct ranges of power.

Each of these is important enough to call for personal investigation—see your Buick dealer now.

Tom Hickey

An open letter from Daniel R. Stafford to the voters of San Mateo county relative to the candidacy of Tom Hickey for supervisor.

I urge my friends and all forward thinking voters of San Mateo county to vote for Tom Hickey on November 5th because of his known ability to get things done for the county without stirring up animosity and rancor with other officials.

Why do I say this? Because a long record of public service to this county is full of the things he has already done for us—a promise of the things he will still do for us.

Let's look over a few of the things we enjoy every day, things that we accept as part of the advantages of living here, which a few years ago were not known—that, is—until Tom Hickey got them for us.

Years before Social Service for the under privileged became the thought of the day, Tom Hickey in his quiet way was working for the poor and distressed of this county. Old timers will remember the disgraceful custom of publishing the names of those receiving relief. Tom put a stop to this!

Tom initiated the building of our present fine Community hospital, and that isn't all—he didn't do it by pulling a bunny out of the hat—or by piling up debt and passing the burden of payment on to future supervisors and taxpayers to worry about—he arranged to have it paid out of current income—the sound business principle of "paying as you go." Result, we now have a fine hospital completely paid for.

No doubt one of the main reasons our county has grown so rapidly these past few years is the fact that we have so many fine roads in our county. This wasn't always the case, for a few years back there was a dearth of good roads. At least a half a dozen of the outstanding road improvements in our county were originally sponsored by Tom Hickey, and, what is also most important to the taxpayers, they were constructed in many cases at a fractional expense to the county. In other words, the county only paid for a small part of their total cost. The main projects were:

1. The Bayshore highway. (The cost of the original survey was all that San Mateo county paid.)

2. The elimination of the Colma Cemeteries bottleneck. (No cost to us.)

3. Colma-Daly City road. (Our share of cost only \$12,500.)

4. San Jose avenue (Daly City) widening. (San Francisco paid for this.)

5. The Skyline Salada Beach highway. (San Francisco paid for one half of this.)

6. Skyline boulevard. (Paid for entirely by state funds.)

Tom was an early leader in Recreation centers for our people and today the beautiful San Mateo County Memorial park is forever a testimonial to his far sightedness.

Throughout the long years that Tom served the county, he saw its problems through the eyes of a business man, ever insisting that the running of county business affairs should be along the same principles as the running of any business—the principle of paying as you go and administration without fear or favors, ever remembering that he was an employee of those whose money he spent—the taxpayer, yet never forgetting his obligation to all of the people of the county, some through no fault of their own not fortunate enough to be taxpayers. You may ask what was Tom's secret for getting so much done. "There never was a man that Tom couldn't get along with." We call it working in harmony with others, for when I say "working" I give you the other secret of his ability to get things done for all of us.

Proposition No. 5

To Be Submitted to Electors Of California at General Election, Tuesday, Nov. 5

(Proposition No. 5 is Daylight Saving, Initiative Act. Provides Daylight Saving as standard time in California between last Sunday in April and last Sunday in September annually.)

ARGUMENT AGAINST

A so-called "Daylight Saving" Act was submitted to the voters of our State in 1930, and was overwhelmingly defeated in every county. Also our Legislature five times has voted it down. People do not want it; only a few special interests do. If California adopts "Daylight Saving" it will be out of step with over 97 per cent of the area of our country.

There is no "Daylight Saving" law west of the Mississippi. Nevada, Washington and Colorado have defeated "Daylight Saving" recently.

Labor is opposed to "Daylight Saving" because it prolongs working hours and decreases the number employed.

The farmer is opposed to "Daylight Saving." It is a blow to his well-being. He can only function under Nature's law, and should he be forced to obey a "Daylight Saving" law he will find everything is working against him.

The housewife is opposed to "Daylight Saving." The feeding schedule of her children would become disarranged; she would have to send her children to school and church an hour earlier; she would be compelled to labor hardest in the hottest hours of the day.

The railroads are opposed to "Daylight Saving." The confusion in schedules would work a hardship on every traveler and shipper. The railroads never change from Standard Time.

Restaurants and hotel men are opposed to "Daylight Saving." The confusion would demoralize any attempt to accommodate tourists arriving on Standard Time.

Catholic, Protestant and Jewish churches are opposed to "Daylight Saving" because earlier hours of attendance interfere with both morning and evening services.

The motion picture industry is opposed to "Daylight Saving" because it collects its revenue from theatres, and statistics show that "Daylight Saving" reduces revenue of theatres from 20 to 35 per cent. Such a disastrous blow should not be inflicted on this important industry which employs over 100,000 people.

Because of the great damage

NUMBER 9

Defense demands of the California coast demand a "yes" vote on Proposition Number 9 on the November 5 ballot, according to the California Marine council.

This argument was advanced today by the council at the same time moves were going forward to co-ordinate activities of the American-owned fishing fleet with the defense program of the United States navy.

Favorable action on Proposition Number 9 will do three major things, the Marine Council pointed out.

These are:

1. Correct local tax discrimination by eliminating local taxes now collected by only four coast counties. The other fifty-four counties receive no benefit.

2. Encourage the American-owned fishing fleet to continue operation from California ports, keeping the boats here as a valuable defense unit in case of national emergency. It will discourage their removal to Oregon or Washington ports.

3. Retain to the state the right to collect taxes on all boats for the benefit of the entire state. It will make possible the taxation of large steamships which now pay no taxes.

Officials of the Marine Council today pointed out that owners of the American owned boats in the California fleet have volunteered their services to the navy. Action was taken at a recent conference in Monterey between boat owners and naval officials. Defense work of the fishing boats probably would involve mine laying and mine sweeping.

that will be done to all California people, with no gain except to a few special interests, this measure should be defeated as overwhelmingly as it was in 1930.

California has progressed faster than any other State in the Union WITHOUT "DAYLIGHT SAVING." Why change?

African Military Training

Although Tanganyika is not supposed to train natives for military purposes, the government has decided to form a police reserve composed of Askaris and any other Africans who wish to join. In time of emergency they will be incorporated in the regular police force.

Large Wine Cask

The cellar of Heidelberg castle, in Germany, contains a wine cask large enough to furnish refreshment and merriment to an entire army. It holds more than 200,000 bottles of wine.

Location of Thermostats

Five feet above the floor is considered a generally satisfactory height for the location of thermostats. They should be placed in locations protected from drafts and not in contact with a large volume of air. The rather bulky thermostat of yesteryear has been beautified, and their location today on the living room wall does not mar the decorative scheme.

Vote Yes on #9

PROTECT CALIFORNIA'S AMERICAN - OWNED FISHING FLEET WHICH AS A NAVAL DEFENSE AUXILIARY MAY BE CALLED UPON TO PROTECT YOU.

YOUR "YES" VOTE WILL:

- 1—Adjust tax discrimination which threatens to take the California Fishing Fleet to ports in other states.
- 2—Retain to the state the right to tax large steamships, which now pay no taxes. Only 4 coastal counties receive tax benefits under the present law. The other 54 receive none.

MEN WANTED!

Wendell Willkie is the candidate of right-thinking, red-blooded Americans who are determined that "We, The People" shall take back our government from the bureaucrats and regimentation-experts, who have blighted it, and create anew a land of opportunity—WHERE MEN CAN WORK AT PRIDEFUL EMPLOYMENT, instead of existing on government charity.

There is no defeatism about Wendell Willkie. There is unbounded confidence in the future of America!

Jobs for NINE MILLION MEN

Wendell Willkie has faith that American enterprise can build an America strong enough to PUT NINE MILLION MEN BACK TO WORK; men now walking the streets, with no hope but a pitiful dole.

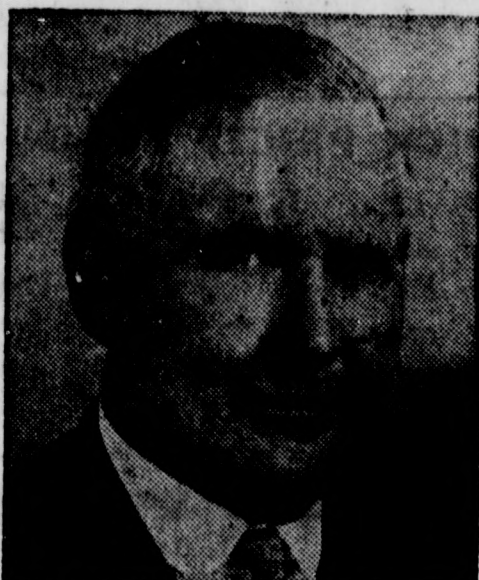

America will WORK for Willkie—because Willkie is WORKING for America. On November 5, vote against New Deal defeatism. Vote against Third Term Dictatorship.

Daniel A. Dolan

When Daniel A. Dolan, prominent young business and construction man, who is waging an intensive campaign for election to the San Mateo County Board of Supervisors to fill the post left vacant by the retirement of Board Chairman H. H. Smith, was asked his opinion concerning the government of San Mateo county, he replied.

"The national census just completed, shows San Mateo county to be probably the fastest growing community in California, if not in the nation. Instead of stagnating, its governmental setup should keep pace with the progress and give the people the kind of government they have a right to expect.

"While the percentage of gain in population since the last census is something to be proud of, the percentage of gain in governmental spending is something else again.

"It is also my opinion, that when the cost of government soars to the extent it has in this county, there should be some additional or improved services to show for it.

"I know San Mateo county can have the finest government with a little co-operation and a good portion of common sense and business-like methods applied to its governmental affairs."

For the past ten years, Dolan has been a resident of Daly City, where he resides with his family. Following high school and a college course in engineering, he entered the construction and building supply business as a member of the firm known as the Dolan Wrecking and Supply company in 1927. This firm at the present time is engaged in an active home development program in Daly City and Menlo Park. He is a member of the Colma-Vista Grande Aerie, Fraternal Order of Eagles and the Native Sons of the Golden West, and has taken an active part in civic and social affairs of the county.

200,000 Grocers Mark Progress

Abram Lincoln's little grocery store in New Salem carried less than 100 items, but it set the standard for integrity and fair dealing. Comparison of his small store, above, with the modern grocery below shows the tremendous progress that has been made since Lincoln's day. This improvement is being celebrated by more than 200,000 independent grocers throughout the country this week, when they observe the fifth Annual National Grocers' week. Herbert H. Sack, president of the National Association of Retail Grocers, is shown at the right.

Girl Telephone Employees
The telephone company states that although male operators were used when switchboards were first put into service, it was soon found that the temperaments of men were not suited to such work, so in a comparatively short time they were replaced by girls. Since that time it has been the policy of companies to employ only girls.

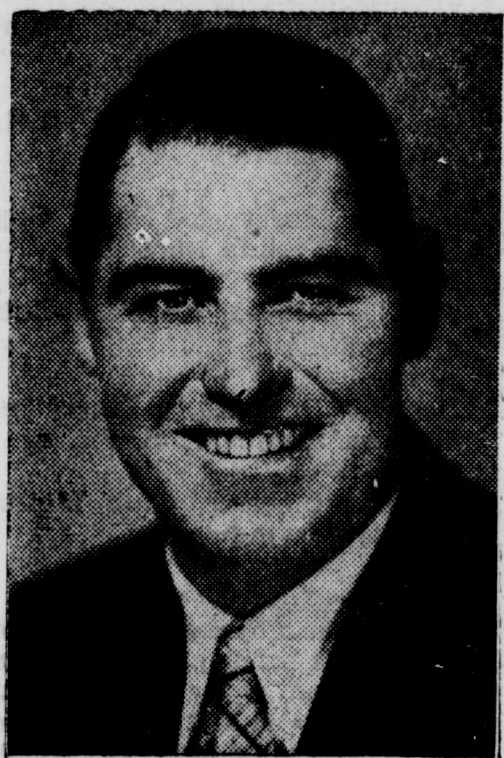

Height of Chimneys
Height plays a considerable part in the efficiency of a chimney, many authorities maintain. For this reason, chimney heights of 30 to 35 feet as a minimum are recommended. Any arbitrary minimums must be considered in the light of local conditions, however, as overhanging trees, the height of the chimney above the roof, and strong prevalent winds can cause disturbance in the draft action.

Peanut Prosperity
Thousands of pigs are now rooting for a living in the peanut fields of the South, declares the Country Home magazine. Farmers around Headland, Ala., grow one acre each of grass, oats and soybean pasture, and 5 acres of peanuts for every sow and her two yearly litters of pigs. The only additional requirement is 10 bushels of corn and 150 pounds of mineral supplement to finish fattening the porkers. Disease is avoided by having no permanent hog houses and no permanent shade. Temporary shelters are provided in hot weather, and temporary windbreaks when it is cold.

Record Size Salmon
The largest salmon ever caught in southeastern Alaska weighed 120 pounds. The fish was 53½ inches long and 36½ inches around. It was caught in a net. The previous record salmon weighed 116 pounds.

LET'S BRING FACTS INTO THE OPEN

Is it not a fact that in 1932 a publication known as the Liberator was distributed to the voters which stated as follows: "As \$752,435.04 was spent by the incumbent Hickey for maintenance of the roads of the First Township, therefore \$479,155.04 of your tax money was wasted. This sum of money wasted represents over 77 per cent of the total spent for maintenance." Why has this never been denied?

Is it not a fact that Hickey introduced and had adopted by the Board of Supervisors a resolution which called for a tax of \$566.92 and interest on every fifty foot lot in Lomita Park? If it had not been for a decision handed down by the State Supreme Court reversing the action, the taxpayers would have been forced to pay \$226,295.37. This matter may be verified by your District Attorney, as he represented the taxpayers of Lomita Park in this case.

Hickey's maladministration of the Road Fund is a matter of record, not a supposition. His attempt to bind and saddle the people of Lomita Park to a most unjust paving contract is also a matter of record and not a supposition. We offer you these indisputable facts, facts that are so important, so vital, so well established that you as voters cannot afford to overlook.

As a contrast we submit the name of Daniel A. Dolan, a business man of unquestionable honesty, a man with abundant ability to govern, a man qualified in every possible way to this county public service of type so necessary.

Your vote for Daniel A. Dolan will serve to relieve the county of the most serious ill, that has afflicted it for many years.

Proper Electrical Service
The home owner, when buying electrical equipment, is cautioned by the Federal Housing administration to bear in mind the type of electrical service he is to receive, as many electrical appliance usable on direct current will not operate on alternating current. Localities where direct service is supplied are declining, but it is still a factor.

New Use for Microscope
A new use has been found for the electron microscope, by Drs. Abner Wolf, David Cowen, and Beryl Page of Columbia university. This new super-sharp microscope is able to reveal the exact location, in the cells of glands, muscles, and other tissues, of vital minerals, such as calcium and phosphorus.

'Unfinished Business'
In a study of "Unfinished Business" in America, one authority reports that 200,000 railroad grade crossings are yet to be eliminated, 20,000,000 families are still without telephones, one out of five families lacks a radio, and only 38 per cent of U. S. water power is developed.

1941 De Soto Offers Fluid Drive

Fluid Drive with simplimatic transmission for the new 1941 De Soto, heads the list of a host of vital improvements, says James E. Donahue, Daly City De Soto-Plymouth dealer.

"Fluid Drive, declared the greatest invention for motoring pleasure since the self-starter, is optional and may be had for the first time in this greatest-of-all De Soto models," Donahue enthusiastically reports.

"The motorist who has never experienced the ease and pleasure of operating a car with Fluid Drive will have the biggest thrill of all his driving experience when he starts out in a car equipped with this revolutionary improvement," Donahue said.

Fluid Drive, however, is but one of the many vital improvements in the 1941 De Soto, Donahue declared.

"The beauty of the custom model's two-tone appointments is meeting with the instant, enthusiastic acclaim of the 'fair sex' as well as the men," Donahue concluded, "and we wish to extend a cordial invitation to the public to visit our showrooms for a view of what we believe to be the greatest De Soto of them all."

Permit Values Soar—

Skyrocketing to a \$9,462,733 total for the first nine months of 1940, San Mateo county building permit values are the highest of any county in the nation.

This fact was revealed by latest building survey figures obtained by San Francisco Peninsula, Inc., community promotional group.

El Camino Real—

Reconstruction of El Camino Real as a divided six-lane highway between Burlingame and Lawndale is scheduled to be started by the state next July, it was disclosed at last Tuesday's meeting of the board of supervisors.

It was reported that Lawrence Barrett of San Mateo, chairman of the state highway commission, has promised that \$200,000 is to be made available in the next highway department budget for the first unit of the project.

Funeral Services For William Hardnedy

Funeral services will be conducted at 8:30 a. m. tomorrow from the W. C. Lasswell company chapel for William E. Hardnedy, 53 Shakespeare street. Mass will follow at 9 a. m. at Our Lady of Perpetual Help church, with interment in Holy Cross cemetery.

A resident here for many years, Hardnedy died Monday morning at the Community hospital. He is survived by his wife, Lillian Hardnedy, and two daughters, Mrs. Marie Hudson and Miss Dorothy Hardnedy.

Tractor Romance

When Father's day rolls around next year a tractor on the farm of J. M. Templeton, near Colorado City, Texas, should not be forgotten. In fact, the tractor was almost a mother. A wren built her nest beneath the seat. Heat from the motor kept the eggs warm all day while the wren waited in a tree and took over the job at night. After the eggs were hatched the tractor was brought in at noon daily so the mother could feed her chirping offspring until the family was strong enough to fly away.

Not So Bad

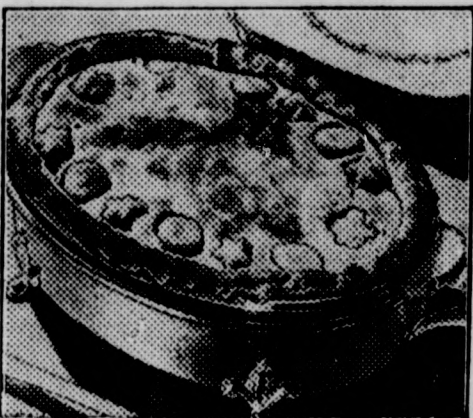

The Melbourne, Australia, government is convinced that traffic and driving instructions offered in a humorous vein are more effective than the usual type. With every driving license now granted is provided a book entitled "Many Happy Returns," containing instructions like the following: "It isn't your fault if all the other road users are completely daft, but it is your fault if you aren't prepared for them to be so."

A HOT MAIN DISH PIE

for a Gadabout Day

by Dorothy Greig

WHEN mother would remark, "That's a dish to save for one of my gadabout days," we knew the dish in question was a simple one to prepare. On shopping days, club days, church meeting days, one of her "gadabout" dishes was certain to turn up for the evening meal. And it's a good idea to keep in mind a few extra easy dishes for just such busy outside days. The hot pie I am going to tell you about is of that sort.

It is hearty and satisfying with hard-cooked eggs and salmon as its mainstay and condensed clam chowder soup for a deeply flavorful sauce. And it boasts a superb cheese pastry crust. When that crust is broken into and the helpings lifted smoking hot and savory, onto warmed plates . . . ah, my dears, here is food to be relished.

You can save last minute preparation time by hard-cooking the eggs at breakfast time and also by working the pastry and putting it to chill in the refrigerator before you go out.

Egg and Salmon Pie with Cheese Crust

1 can condensed clam chowder,
1/4 cup milk
1 can (1 pound) salmon
3 hard-cooked eggs
Stir the milk into the clam chowder. Slice the eggs and arrange the slices in the bottom of a buttered casserole. Pour one-half of the clam chowder (which has been mixed with the milk) over the sliced eggs. Then arrange the layer of flaked salmon (from which the bones and dark skin have been removed) in the casserole. Pour the remaining clam chowder over the salmon. Cover with the cheese crust.

Cheese Crust

1 1/4 cups sifted flour
1/4 teaspoon salt
1/2 cup shortening
3-4 tablespoons cold water
1/4 cup grated cheese
Sift flour, measure, add salt and sift again. Cut in the shortening. Add water gradually and mix with a fork, adding only enough water to hold the mixture together. Chill thoroughly in the refrigerator. Roll out on a slightly floured board, then sprinkle with the 1/4 cup grated cheese. Fold over 3 times and roll out again. Put cheese crust on Egg and Salmon Pie and bake in a hot oven (450°) for 25-35 minutes.

The Wright brothers made their first successful airplane flight in 1903.

Cypress Circle U. A. O. D. Whist Party Tonight

Tonight is the evening set for the big October whist party sponsored by Cypress Circle No. 14, United Ancient Order of Druids.

Local card fans were reminded that a large number of attractive prizes will be awarded during the evening. Playing will begin at 8 p. m. at Colombo hall.

Mrs. Frank Garibaldi and Mrs. George Volkman, chairmen, extend a cordial invitation to the public to join the game. First prize will be cash.

Legion Auxiliary To Sponsor Sale

If you've been too busy to do much cooking this week, Daly City Unit No. 410, American Legion Auxiliary, can solve your problem.

The club is sponsoring a home-cooked food sale on Friday, from 9 a. m. to 4 p. m., next to the Daly City Coffee Shop. Delicious varieties of desserts, entrees and salads will be featured, with prices at nominal levels.

In connection with the food sale, the auxiliary is holding a rummage sale of various household and clothing items. The public is cordially invited to inspect the array of bargains, according to Mrs. Ann Welch, chairman.

After weeks of stumbling over each other in the pitch black streets, Berliners are now wearing round buttons the size of a penny around the neck or in the button hole. Covered with phosphorous, they glow in the blackness.

Eagles To Initiate Tomorrow Night

What is expected to be one of the largest gatherings of Eagles here during the year will convene tomorrow evening when Colma Vista Grande No. 1848 stages its fall initiation.

Drill team of Golden Gate Aerie No. 61 is coming out from San Francisco to officiate at the gala occasion. An unusually large class of candidates is expected, according to the membership committee.

All members are reminded that the meetings will be called to order promptly at 8:15 p. m. at Eagles hall, 6276 Mission street. Entertainment and refreshments will follow the business session.

"Cash And Coffee" Whist Planned By VFW

Sixteen one-pound cans of coffee will be awarded as special prizes at an unusual "Cash and Coffee" whist party which will be held at Eagles hall on Friday evening.

Sponsored by Old Glory Post and Auxiliary No. 2044, Veterans of Foreign Wars, the party will feature a cash award for each four tables. After each hand, a one-pound can of coffee will be awarded. Playing will begin at 8:30 p. m.

According to Mrs. Mary Sunseri, chairman for the auxiliary, this is a novel and entertaining whist variation which has been tried many times down the Peninsula but never before in Daly City.

"This idea has proven very popular in other cities," Mrs. Sunseri said today, "and the local Veterans post and auxiliary feel sure you will enjoy their party. We cordially invite everyone to attend."

Castor Plant Products
The castor plant is used in the manufacture of lubricants, medicine, flypaper, paints, soap, linoleum, printing and sulphonated castor oil.

Mothers Club To Hold Monthly Whist Friday

Mothers club of Our Lady of Perpetual Help school will hold their monthly whist party Friday afternoon at Theatre hall. A cash first prize and other valuable awards will be given away.

Playing begins at 2 p. m. Mrs. Marion Schubert, chairman, cordially invites the public to attend.

Sewing circle will meet at 10:30 a. m., today, at the home of the president, Mrs. Sophie Klingler, 601 Hanover street.

Studebaker Champions Here

Hailed as a "triumph" of advanced engineering and styling, the latest of motordom's 1941 creations—the new Studebaker Champion—has arrived in Daly City.

This was the announcement by William J. Sweeney, who has the Studebaker on display now, at 6806 Mission street. He asserted that the new cars are literally "bigger, better and more beautiful than ever before."

The Champion has been called a "new car for a new world" and its youth is emphasized by gay colors and a wide choice of combinations in upholstery and duotone finish. This thrifty model, retaining its reputation as the "national economy champion," despite increase in body and engine size, will be offered in custom, custom deluxe and "delux-tone" types.

There are many interior improvements and refinements in the Champion, it is stated, highlighted by an entirely new instrumental panel with a parcel compartment on the right side, instruments behind the left panel and generous trimmings of chromium.

"No matter what type of modern automobile a prospective purchaser may have in mind," declares Sweeney, "he will be able to satisfy his tastes and keep within his own price limitations with one of the new Studebakers."

Mahogany Native to U. S.
Mahogany is native to the United States. It is found though only in small quantities in southern Florida on the mainland and on the larger of the keys. It is the same species of mahogany that grows in the West Indies, where it is known principally as Santo Domingo or Cuban mahogany. An avenue in Miami is lined for many blocks with mahogany trees. The average person might easily mistake them for ash trees due to the similarity of the leaves. "Mountain mahogany" is a large shrub or small tree found in the western states. It is not a mahogany but a member of the rose family. The wood is very close grained and of a rich red color. The trees are small and the wood has not the stability of mahogany.

Netherlands Defensive Flooding
If the dykes in the Netherlands are open, defense flooding would damage the farm lands, and necessitate the evacuation of thousands of residents, but the water would not be sea water, it would be fresh water from the rivers, or the old Zuyder Zee, now called IJssel lake. It would do no permanent harm.

Speedy U. S. Trains
The United States has more trains that run at a speed of 60 miles an hour than any other country.

Rally Day Oct. 27 At Grace Nazarene

October 27 will mark the last Sunday of "rally month" for the Grace Nazarene church. Vista Grande and Santa Barbara avenues. It will also be promotion day for the various Sunday School classes.

A record attendance of children and parents is expected.

Awards will be made to the largest family present, the oldest person, the youngest person and the pupil or teacher who brings the largest number of visitors.

Reverend N. M. Lewis joins with Sunday School Superintendent Neil Edwards in extending a cordial welcome to all.

one of the Daly City Record's first subscribers.

He is survived by his wife, Mrs. Alice Christian; his daughters, Mrs. Ramona Gates, Richmond; and Miss Florence Christian; his sons, Roland, Raymond Jr., Robert and Charles Christian.

Funeral services were held at the Scott and Green funeral parlors in Martiez, yesterday, with burial in the family plot there.

Scouts Of No. 141 Make Address Books

Scouts and cubs of troop and pack No. 141 are busy this week printing and binding several hundred small address books which will be given out on Rally day, October 27, by the Grace Nazarene Sunday School.

Saturday, November 9, will be the group's annual Field day, according to Joseph Straughan, scoutmaster. Held at Bodien park, it will feature ceremonies, music, races and contests.

Football Trophy

The John W. Heisman Memorial trophy is awarded each year to the football player deemed the most valuable. It perpetuates the memory of a football coach and gridiron mentor at many colleges for 35 years. The Robert W. Maxwell trophy, also awarded to the outstanding player, is named in honor of Robert W. (Tiny) Maxwell, a former all-America player, sports writer and gridiron official. The August V. Lambert Memorial trophy, emblematic of leadership among eastern gridiron teams, was donated by Victor A. and Henry L. Lambert of New York city in memory of their father, an ardent football fan.

Beefsteak Is Favorite Dish

A survey of restaurants disclosed that beefsteak is the favorite dish in the United States, with corned beef and cabbage second.

Adventure in Tea Leaves

By Jane Floyd Buck

Tea, to those who know its ancient and legendary history, is the world's most romantic beverage.

So enveloped are the early beginnings of tea in legend that it is difficult to trace its first introduction to a thirsty world. However, the most popular legend relates that an adventurous Chinese, traveling in the forest wilderness of India more

than 5,000 years ago, accidentally found the tea plant. The almond-eyed explorer packed the tiny tea plants across half of Asia to his native land and there planted and nurtured them. Thus was born an industry that was to play its historic part in the growth and progress of this country.

The importance of tea to the struggling American colonies is first recorded in the momentous Boston Tea Party in December, 1773, when the colonists revolted against a tax on tea. It was, however, in the Nineteenth Century that tea assumed a leading role in the annals of the United States. From 1843 until the opening of the Suez canal in 1869, the great tea clipper trade spanned a generation and tales of the races of these sleek-hulled vessels across the ocean from China to the New World still remain among the really great

sagas of the sea. Scudding before the wind beneath snow white wings of canvas from far away Cathay to their American home ports, they brought cargoes of tea which meant fortunes to their owners.

It was during this period that a young American just starting in the tea business conceived an idea which was to place the treasured beverage within reach of those whose modest incomes had heretofore made it an unattainable luxury. He was George Huntington Hartford. Mr. Hartford took a consignment of a clipper ship cargo of tea, put it up in small packages and sold it direct to New York families. Out of this enterprise grew the modern chain store system of mass merchandising and distribution which continues to make it possible for families in the lower income brackets to have foodstuffs formerly available only to the more financially fortunate.

In proof of the amount of leaves which go annually into American teacups to make the industry one of the country's most important are figures recently revealed by the Tea Bureau, Inc. These figures disclose that for the second time in two centuries tea imports of the United States passed the 100,000,000-pound mark for the year ending June 30. Actual imports were 102,460,201 pounds, a gain of more than 17 per cent over the preceding twelve months. Apparently, it isn't only the gypsies who find fortunes in tea leaves!

COME TO THE RECORD'S COOKING SCHOOL TODAY

Miss Carolyn Carr
Has Lots
Of Grand Ideas

HURRY! HURRY! HURRY!

The big show's in town. Yes! This is the week for the Happy Kitchen Cooking School at the Daly City theatre. Miss Carolyn Carr, attractive and versatile home economist, who opened the two-day event yesterday, invites you to attend today. Check the time—2:30 p. m.

In addition to all the interesting new dishes and ideas Miss Carr has to offer, she has much to tell you about new kitchen equipment. Many of the local merchants are cooperating with us to make this school an outstanding success.

Remember—this is your school. The Record wants you to feel at home. So come, bring your friends, ask questions, inspect the equipment and enjoy an afternoon of pleasant and profitable hints and suggestions on making the most of your job as a homemaker.

We're saving a place for you, so check the baby and come early.

Miss Kay Cardini
Honored At Shower

Mrs. Mary Grenier, 1130 Brunswick street, entertained at a miscellaneous shower on Thursday evening for her future daughter-in-law, Miss Kay Cardini, San Francisco.

Miss Cardini will wed Leo Grenier Saturday afternoon at St. Paul's church in San Francisco. A Jefferson Union high school graduate, Grenier has many friends in Daly City and Colma.

Daly City guests at the shower included:

Mrs. Helene Leon, Mrs. O'Chesky, Mrs. M. Zeiger, Mrs. J. Nagle and Mrs. E. Davis. Mrs. D. Halcomb was present from San Bruno, and Mrs. C. Darblay from Millbrae.

San Francisco visitors were Mrs. Zelich and her daughter, Mrs. Bergantz, Mrs. F. Reichter, Mrs. E. Conneally, Miss A. Grasso, Miss K. Chittenden, Miss L. Ridolfi, Miss G. Kavanaugh, Mrs. Kavanaugh, Mrs. M. Capriola, Mrs. A. Grasso, Mrs. M. Maloney, Mrs. F. Myers, Miss Mary Morley, Mrs. Irene Garside, Mrs. Peggy Carberry, Mrs. Morris and her daughter, Miss Kay Meyer, Mrs. Helen Cardini, Miss A. Tapan,

Mrs. A. Dara, Mrs. English, Mrs. M. Howard, Mrs. E. Forner, Mrs. M. Johnston, Mrs. L. Morley, Mrs. Emma Barga, Mrs. Skogman, Mrs. E. Davis, Mrs. Carberry, Mrs. A. Neckntz, Mrs. Reud and daughter, Mrs. M. Leonard, Mrs. H. Castello, and Miss Alice LaCara.

Largest Jewel

The Smithsonian Institution has acquired the world's largest jewel. The stone is an almost flawless crystal of topaz, weighing 153 pounds, or 350,000 carats. The average topaz for a ring or necklace weighs about five carats. The huge gem was discovered in the Minas Geraes province of Brazil. Its color is pale blue on the outside and a pale sherry on the inside.

Gasoline Taxes

American motorists paid more than \$7,000,000,000 in gasoline taxes in 19 years after the first tax of this kind was levied. This is almost as much as the federal government requires for one year's running expenses.

Daly City Record Home Builder
Cooking School Recipes

Here are the recipes for the tasty dishes prepared by Miss Carolyn Carr at the Daly City Record Home Builder Happy Kitchen Cooking School being held at the Daly City theatre, October 22 and 23. We have printed them in this handy form so that you may clip them out of the paper and paste them on your recipe cards and in your recipe book.

TUESDAY

1.—Shoulder Lamb Chops with Mushroom Dressing

Six shoulder lamb chops, boned and rolled.

With a bit of Crisco in the pan, brown the chops well on both sides and place in a baking pan. Place a generous spoonful of dressing on each chop. Bake 30 minutes in a moderate oven, 350 degrees.

Mushroom Dressing

1 cup finely chopped mushrooms
2 tablespoons butter
1 teaspoon onion juice
1 tablespoon finely chopped parsley

1 teaspoon salt
½ teaspoon celery salt
¼ teaspoon pepper

3 cups finely diced Kilpatrick's bread cubes
Saute mushrooms in butter, add to bread cubes and combine with the other ingredients. Moisten with a little of the mushroom liquid.

2.—Madonna Tomato Sauce

Chop a medium size onion fine and brown in 2 tbsp. Crisco. Add 1 can Madonna Tomato Paste and 4 cans water. Season with salt and pepper. Cook slowly 1 hour or more until sauce is thickened. Chopped parsley and spices to taste may be added if desired.

3.—Cheese Savories

6 slices Kilpatrick's Bread
6 slices American Cheese
6 slices bacon
Madonna Tomato Sauce

Toast bread lightly on both sides. Butter upper side of each slice and place on them the cheese, a spoonful of the tomato sauce and the bacon. Put under the broiler until the bacon is cooked and the cheese melted. Serve at once.

4.—Olive Crab Meat Salad

Combine 1 cup chopped ripe olives, 2-3 cup diced celery, ¼ cup chopped green pepper and 1 cup flaked crab meat. Blend ½ cup mayonnaise with sufficient Madonna Tomato Paste to make a spicy dressing. Toss mixed ingredients lightly in dressing. Cut peeled, chilled tomatoes crosswise into medium slices. Put slices together sandwich fashion with sea food mix filling. Serve on lettuce cups.

5.—Chocolate Cream Cheese Frosting

Blend ½ cup Guittard's Old Dutch Ground Chocolate with 1 package cream cheese and 1 to 2 cups confectioner's sugar, depending on the surface of the cake to be covered. Moisten with enough Mission Creamery cream to make the frosting spread easily. If made a few hours in advance and stored in a covered container the frosting is smoother.

6.—Hawaiian Delight Ice Cream

1 egg
2-3 cup powdered sugar
1 small bottle Maraschino cherries
1 small can crushed pineapple
½ pint Mission Creamery whipping cream
Beat eggs and stir in powdered sugar, cherries drained and cut fine and the drained pineapple. Beat cream thick, but not stiff and

fold in the other ingredients. Freeze at "fast freeze" the first ½ hour and then turn controls to normal.

7.—Spanish Crook Neck Squash

2 lbs. crook neck squash
¼ cup minced onion
½ cup seeded green pepper, minced

2 tbsp. Crisco
3 medium tomatoes
½ tsp. salt
½ tsp. sugar
Grated cheese

Wash and dice the vegetables. Saute the onion and green pepper in the Crisco until lightly brown, add squash and simmer 20 minutes. Skin and dice the tomatoes, add them with the salt and sugar to the squash mixture and cook 10 minutes longer. Serve with cheese over the top.

8.—Hot Water Pastry

1 cup Crisco
½ cup boiling water
3 cups flour
1 tsp. K. C. baking powder
1 tsp. salt

Pour boiling water over Crisco. Beat till satiny smooth. Add sifted dry ingredients. Allow to ripen for several hours before using.

9.—Standard Layer Cake

2-3 cup Crisco
1-3 cup sugar
3 eggs
2 cups cake flour
2 tsp. K. C. baking powder
2-3 cup Mission Creamery milk
½ tsp. salt
1 tsp. vanilla

Cream Crisco, add sugar slowly and beat well. Add eggs one at a time, beating well after each addition. Sift flour, baking powder and salt and add to creamed mixture alternately with milk. Bake 25 to 30 minutes in 375 degree oven.

WEDNESDAY

10.—Burnt Sugar Cake

1½ cups sugar (the ½ cup to be caramelized)
½ cup Crisco
3 eggs

2 cups sifted flour
2 teaspoons K. C. Baking Powder
1 teaspoon Vanilla

Enough cold water added to caramelized sugar to make 1 cup. Cream Crisco and sugar. Add the eggs, one at a time and beat thoroughly after each. Fold in the dry ingredients, which have been sifted together, alternately with the liquid. Bake in 2 well Crisco'd layer pans at 375 degrees about 25 minutes.

To caramelize sugar put the sugar into an iron skillet and heat slowly. After it starts to melt, stir until it is all dissolved and a golden brown. Add hot water gradually and cautiously. If the sugar forms a hard lump this will dissolve with continued cooking.

11.—Quick Prune Bread

1 cup prunes, finely chopped
3 cups bread flour
3 tsp. K. C. baking powder
½ tsp. soda
1½ tsp. salt
4 tbsp. sugar
4 tbsp. melted Crisco
2 eggs
1 cup Mission Creamery milk

2 tbsp. finely cut fresh orange rind
Rinse prunes, dry, chop very fine. Sift flour, baking powder, soda, salt and sugar. Mix beaten eggs with milk and melted Crisco. Combine mixtures, add prunes and orange rind. Mix well. Pour into bread pan. Bake in moderate 350 degree oven 70 minutes.

12.—Tampa Meat Loaf

1 pound round steak ground
2 cups crumbled cornflakes
2 eggs beaten
1 cup Madonna Tomato Sauce
1 teaspoon salt
¼ teaspoon marjoram
¼ teaspoon pepper
1 tablespoon chopped onion
Bacon

Mix all ingredients together and shape into individual patties and surround each with a strip of bacon. Bake at 375 degrees for 1 hour. These patties are delicious used in a baked platter dinner, putting each on a thick slice of onion in the center of the platter. Surround them with cooked macaroni, grated cheese and whole kernel corn moistened with Mission Creamery milk and seasoned. At each end of the platter place halves of canned pear which have been dipped in melted butter and sprinkled with paprika. Bake all for 1 hour at 375 degrees.

13.—Pineapple Turnovers

Cut rich pastry in circles slightly larger than slices of pineapple. Lay well drained slices of pineapple on the pastry circles, fill centers with strawberry jam. Wet edges and cover with another circle of pastry, press edges together. Brush with egg which has been beaten with a bit of salt. Sprinkle with granulated sugar. Bake in a hot oven, 450 degrees, about 15 minutes or until pastry begins to brown, then reduce heat to 350 degrees and finish baking. Serve plain with Borden's whipped cream, sweetened, or with slightly thickened pineapple juice.

14.—Cheese Bread Sticks

1 tablespoon butter
¾ cup flour
1 cup grated strong cheese
1 cup fine soft Kilpatrick's bread crumbs
¼ teaspoon salt
¼ teaspoon pepper
4 tablespoons or more Mission Creamery milk

Melt butter and add the bread crumbs, cheese, seasoning, flour and milk. Mix well until it holds

together, add more milk if necessary. Place on molding board and roll to ¼-inch thick. Cut into narrow strips and place on ungreased cookie sheet. Bake in hot oven, 450 degrees until brown about 15 minutes. Or the strips may be fried in deep Crisco at 400 degrees until golden.

15.—Banana Scallops

Deep Crisco for frying
1 egg
1½ teaspoons salt
6 firm bananas
¾ cup fine crumbs

Heat Crisco to 375 degrees or until a cube of bread will brown in 40 seconds. Beat egg and add salt. Slice peeled bananas crosswise into one-inch thick pieces. Dip in egg and roll in crumbs or cornmeal. Fry in hot Crisco until brown and tender. Drain on unglazed paper. Serve hot.

16.—Lemon Filling

3 cups powdered sugar
1½ tbsp. lemon juice
2½ tbsp. orange juice
¼ tsp. nutmeg
2 tbsp. Mission Creamery butter
Beat together till smooth and creamy. Spread on layers. Good on dark cake.

17.—Chocolate Chip Ice Cream

¾ cup Mission Creamery milk
3 egg yolks
1 tbsp. cornstarch
½ cup sugar
1 tsp. vanilla
½ pt. Mission Creamery whipping cream
2 squares Guittard's Break-up bar, grated
Scald the milk over hot water. Beat yolks slightly, add sugar and cornstarch, then pour the scalded milk over the eggs carefully. Return to the double boiler and cook below the boiling point, stirring until the custard thickens. Cool. Whip the cream until thick but not stiff, and fold in custard mixture. Lastly add the coarsely grated chocolate. Place in freezing compartment until firm.

What an Animal!

The biggest land mammal that ever lived is called a Baluchitherium. Its bones were found by the American Museum of Natural History on one of its expeditions to Mongolia. This prehistoric beast must have been able to browse on leaves more than 25 feet above the ground, according to measurements of its reconstructed skeleton.

Citrus Cocktail

(Serves 4-6)
 1/2 cup lemon juice
 1/2 cup orange juice
 1/2 cup sugar
 Few grains salt
 1 cup ginger ale
 (or carbonated water)

Combine and pour over cracked ice in cocktail glasses. Garnish with mint sprigs or maraschino cherries.

Lima Salad

1 cup cooked, dried Limas
 1 teaspoon Worcestershire sauce
 2 tablespoons minced onions
 1/2 cup diced, cooked beets
 1/4 cup French dressing
 2 tablespoons finely chopped parsley

Mix ingredients and chill before serving. Arrange on lettuce.

Spiced Gem Turnover Cake

Part 1

1/2 cup butter
 3/4 cup dark brown sugar
 3 cups canned Hawaiian pineapple gems
 8 or 10 maraschino cherries

Part 2

2 cups all-purpose flour
 2 teaspoons baking powder
 1/2 teaspoon salt
 1 teaspoon cinnamon
 1 teaspoon nutmeg
 1 cup dark brown sugar
 2 eggs
 3/4 cup milk
 1/2 cup melted butter

Part 1: Melt butter in a heavy skillet (12 inches), add brown sugar and stir until dissolved. Place drained pineapple gems and maraschino cherries in a design in the syrup.

Part 2: Sift together flour, baking powder, salt, spices, add remaining ingredients and beat vigorously until smooth. Pour cake batter over fruit, bake in a moderate oven (325 to 350° F.) 50 to 60 minutes. Loosen cake from the pan with a spatula and invert on a large serving platter. Serve hot with or without whipped cream. Yield: 8 to 10 servings.

Black Mägle Frosting

2 squares unsweetened chocolate
 1 1/2 cups (1 can) sweetened condensed milk
 1 tablespoon water

Melt chocolate in top of double boiler. Add sweetened condensed milk, stir over boiling water 5 minutes until it thickens. Add water. Cool. Spread on cold cake. Makes enough frosting to cover tops and sides of 2 (9-inch) layers, or top and sides of loaf cake generously, or about 24 cup cakes.

Venison Jelly

(Makes about 11 medium glasses)

4 cups juice
 7 cups sugar
 1/2 bottle fruit pectin
 To prepare juice, stem 3 pounds fully ripe grapes and crush thoroughly. Add 1/2 cup apple vinegar, 1 teaspoon cloves, and 2 teaspoons cinnamon.

Bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute.

Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Thoughtful hostesses serve decaffeinated coffee so that guests can enjoy extra cups without losing sleep later on.

Sweet Dreams Brew

6 cups decaffeinated coffee
 1/2 cup whipping cream, whipped
 1/4 teaspoon cinnamon
 1/4 teaspoon nutmeg

Top each cup of coffee with a spoonful of whipped cream into which the spices have been folded. Sugar may be served with the coffee.

Recipes for Party Fun

A new game craze that will be a special joy to hostesses is Hi-Ro, played with numbered blocks in individual trays. The object is to turn the blocks so as to make a row of the same numbers before anyone else does. No bridge table is needed and anyone can learn the technique in a split second. Monopoly, the classic real estate trading game, continues to be a party favorite. If your guests are intrigued by battle strategy, you might introduce them to Dog Fight, a new game that provides authentic clashes between airplanes and anti-aircraft guns.

Vegetable Cocktail Bar
 Milwaukee, Wis., now has a vegetable cocktail bar that serves only vegetable drinks, declares the American Magazine. The operator is Mrs. Edith Lange, whose specialty is a garlic-parsley cocktail. It contains the juice of green peppers, with three cloves of garlic, and the juice of parsley mixed in.

'Trafiscope'

Working on the principle of the periscope, the "Trafiscope," shown at the Annual Massachusetts Safety conference held in Boston, represents a new device to promote safe driving. By means of a prismatic lens, the driver can see what is beyond him over the crest of a hill.

National Forensic League

The National Forensic league is a national honor society for high school debaters and orators. Its primary purpose is to encourage students to engage in interscholastic speaking activities. Membership is limited to 500 high schools of superior attainments in interscholastic speech work.

Girl Scout Writes Cookie Sale Story

Today's newspaper story about National Girl Scout Cookie Week was written by a Girl Scout, Alice D'Isep, member of Troop No. 1. Only twelve years old, Alice is a student of Crocker school and lives at 884 Templeton avenue. She writes as follows:

"The Girl Scouts of Daly City are selling cookies for fifteen cents a box. They will be sold from October 26 to November 2. The girls of the various troops will come to your door and sell the cookies. They are put out by special bakers and are very good. This sale is for the camping funds and for our Christmas party."

Nine "No Dumping" Cases In Court

Nine "no dumping" cases were brought into Judge Wade H. Clay's court this week for violation of the city ordinance prohibiting disposal of refuse in the vacant lots near Vista Grande park.

Winfield Maloney, 225 Vienna street; William Stahlberg, 1380 Portola drive; Elmer Wedemeyer, San Bruno; Louis Werneth, 562 Twentieth avenue; Robert Burns, 2710 Twenty-second street, and Frank Shea, 593 Pennsylvania, each paid a \$5 fine. Paying \$2.50 were Charles Brown, 351 Lexington; Patrick J. Kelly, 3721 Twenty-third street, and C. E. Gordan, 666 Mission.

This week's speeders included Samuel Lei Bowick, 918 Capp street, and Ellen Eugenia Myers, San Mateo, each fined \$10; J. Barnett, 77 Potomac, and Manuel Azevedo, 210 Post street, each \$2.50; and George Edward O'Brien, 259 Sixteenth avenue, who forfeited \$5 bail.

Disregarding a signal cost M. B. McGowan Jr., 7100 Geary, \$2.50. Each of the following paid \$1: George Wreed, 985 Church street; Joseph Marsigli, 25 Allison; George Harrison Reudy, 447 Twenty-eighth street; Clifford James Peters, 2197 Golden Gate; Blaine F. Baldwin, San Mateo; and Thomas Harris, 85 Columbia square.

BAKERY WINS COVETED TROPHY

Executives of Kilpatrick's Bakery, Oakland and San Francisco, are happy as a result of receiving for the third time the Harry M. Freer trophy, awarded each month to the bakery in the United States whose bread is judged best in taste, aroma, texture and other points of excellence. Harold W. Kilpatrick (left), president of Kilpatrick's Bakery, and James Kilpatrick, vice-president, admire the trophy.

Best Man Brings Wedding To Hospital

Because the best man couldn't go to a wedding, the wedding came to him in Junipero Serra hospital last Wednesday night.

When Ray Jennings, 19, and Leona Hazel, 20, both of San Francisco, decided to get married they agreed that Myron Thorne, friend of the bridegroom, should be best man.

On September 21 Thorne had his left leg fractured in a traffic accident on Junipero Serra highway and he was brought to the hospital.

So, instead of being married in San Francisco the young couple came here and the Reverend D. N. Dailey, San Francisco Presbyterian minister, performed the ceremony with Thorne, sitting in a wheel chair, as best man.

Dr. Lawler Drees, Night Nurse Patricia Camenzind and Francis Bushnell, ambulance driver, who brought Thorne to the hospital, were witnesses, as well as June Homick, Anna Jennings, Nat Fanning and Robert Honiz.

Following the ceremony Dr. Drees was host at a reception at the hospital.

THIS WEEK --- At Jefferson Union High School

Sports

San Jose bulldogs barked just a little too loud for the Jefferson ten-centers as they bit off a 25-14 score, Friday. However, the "Tens" gave the bulldogs more than they expected, and if it hadn't been for a fourth quarter rally by the San Jose team they might have won.

Honor man of the courts again proved to be "Brief" Wilson, who brought in five of the fourteen points. Credit also goes to Christen, who brought in four points on four free throws.

The line-up was as follows:

- F. Wilson
- Christen
- C. Rearasich
- G. Priziborowski
- Cavenaro

Jeff's twenties also took a shellacking from the undefeated players of four years, as the Bulldogs chalked up a 16-10 game.

Jeff's big men did all right by themselves as they held the Bulldogs to a tough struggle throughout the game.

Tying for high place were Wright and Harmon, by bringing in three points apiece.

The boys were lined-up as follows:

- F. Reardon
- Bittencourt
- C. Wright
- G. Harmon
- Battliari

Other boys who also deserve credit are Liebster, Bolgert and Snow.

GPAL TENNIS

October 16 and 17 were the best practice turnouts that the club has had all semester. With the courts overflowing, and more wanting to participate, two more practices have been scheduled before the matches begin, October 30. Today after school a practice will be held, and tomorrow will be the last one.

HOCKEY

Today is the day. The girls are getting ready to take on the Burlingame GPAL girls after school. When interviewing Miss Juanita Young, I asked if the girls hoped to win. I was very much surprised and impressed by the fact that the girls and instructors are more interested in having a good time and enjoying the game than winning a victory. "Participation, good time and not the glory of winning is what the GPAL is primarily interested in," stated Miss Young.

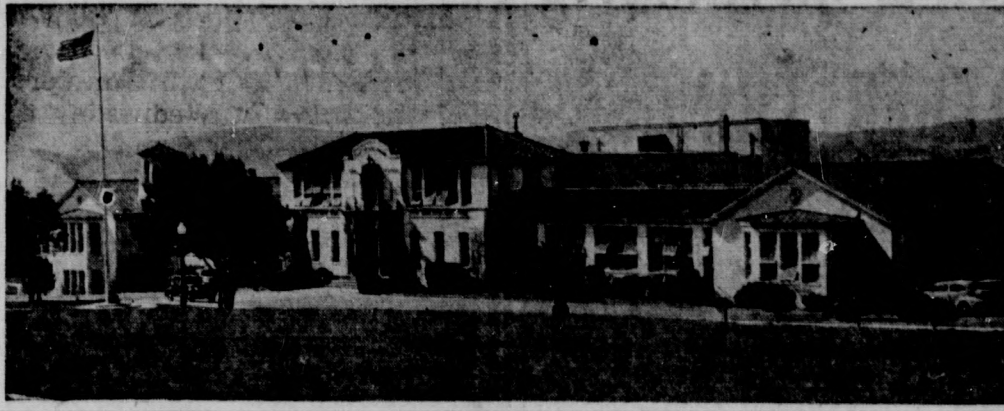

The line-up is as follows:

- CF. Beatrice Putnan, sub—Zefferia Blandini
- RF. Dorothy Dawe
- LI. Anna Finsterbusch, sub—Irene Maloney
- RW. Barbara Wilmoth, sub—Norma Barker
- LW. Mary Sue Denton, sub—Mary Falbo
- CHB. Shirley Jones, sub—Barbara Foreman
- LHB. Ruth Larson, sub—June Blecher
- RHB. Lillian Lekoff, sub—Sarah Compagno
- LFB. Verne Flatt
- RFB. Virginia Rivas
- GG. Theresa Falbo

Classes

CSF Look Out All New Members..

Yes, Sir! All new members of the CSF better watch their steps, for the committee in charge of the "mock initiation" have everything ready. "We'll fix them in proper style," were the words of Edward McIntosh, chairman. When asked what the committee had in store for the candidates, he merely rolled his eyes, rubbed his hands together and said, "Oh, Boy." For further information, you'll have to get it out of his committee:

Norma Barker, Maren Nelson, Howard Vierra, Glenn Goode and Lloyd Rentsch.

THE 4 C'S

Under the direction of the new and popular teacher, Arthur Smith, "The Classy Clickers' Camera Club" held their election of officers last week.

Alice Forest was elected president and her corps of officers are as follows:

Vice-president, Josephine Ciproso; secretary-treasurer, Rose Siragusa, and publicity manager, Dorothy Smith.

After the club members get more experience and money, they hope to be able to develop pictures for the students.

TID-BITS

Say, did'ja know—

That—many of the people at the dance contributed to a new custom, by putting their "wads of gum" in the gum box.

That—Bob Seiler, a junior, was entered in the Far-Western Swimming meet recently at Fleishacker's.

That—the C. S. F. will hold a party with all new candidates as their guests?

That—reports for unsatisfactory work were handed to the advisors last Monday?

Music

Say! did you know that our favorite "Fight Song" was

written by none other than Chemistry Professor Arthur Quirnbach, and the melody by Alois Lang, a former student of Jefferson? Arrangement for the band has just recently been completed by Oscar Busch.

New band sweaters have been the main discussion in the music room for the past several weeks. Yes Sir, five of the band members, Tom Beeson, Angelo Ditty, Mary Rossoff, Meta Mendell and Julia Yonan, have been working on the sweater committee under the supervision of Leonel Gray, William Childers and Oscar Busch.

After much discussion and deliberation, the committee has decided on royal blue sweaters, made on the same order as the senior sweaters.

So far they haven't decided upon the emblem. It will very likely be a lyre or staff with the initials J. U. H. S. in the school colors, worked in.

Very soon now, the Indians of Rhythm are going to present another of their popular amateur hours. Won't it be fun to see your classmates singing or dancing? If you know of anyone that has just the "teeniest" bit of talent be sure to tell Lembi's band members or Lembi himself. Who knows? He may be another Bing Crosby or Mickey Mouse.

Campus Fashions

If you're off for a fifty mile ride on a weekend trip, or just traveling down the line a ways to see a football game, you will need a dress that doesn't wrinkle. The new and extra smart discreet plaid dress, with an ultra modern sport coat, is just what you need. You'll love the dress. Made with a self collar, novelty belt and little black buttons run-

ning down the front, it fits your figure perfectly. The dress is made in this new flannel-like material and is crush resistant Tecca rayon.

Now comes the job of a suitable coat for the game and that special dance afterwards. A darling in anyone's language is the new super, double-breasted, military coat of fleece. To nestle in your curls, is a matching snap brim "porkpie" hat. This hat is extra simple to snap in place and can be adjusted to wear with any hair style or any head size.

A fashion bouquet goes to another set of Jefferson fashion twins this week. Both of the girls are high sophomores, have all their subjects together, like the same sports, and whenever you see one girl the other one is not far behind. Not only do these two little Colleens do everything the same, but they also dress alike.

Friday when everyone was panting with the heat, these two girls were a refreshing picture. Dressed in red washdresses, trimmed in white reickrack, and little red buttons running down the front of their dresses they did indeed make you forget the weather.

Yep! None other than Misses Emelia Bertini and Barbara McCoy.

Student Government

Howard Vierra and his committee of two are planning to investigate the plaque to be given to the winner of the South City-Jefferson game. All the coaches were in favor of the idea, and the boys hope to get a silver axe mounted on a wooden plaque.

Brought up under old business was the blanket affair. John Razari, chairman of the committee, reported that the coaches were not in favor of having a blanket. They believe that the permanent trophy covers the situation fairly well. Jack Faulk suggested, however, that the cup was for the outstanding boy of the year, whereas the blanket would include the outstanding boy in each sport.

Bob Capps said, "Since the coaches are not in favor of the blanket, why not have small plaques in the shape of shields and place them in the gym?" The committee will again take this suggestion to the coaches and bring their report to the next meeting.

Tillie Castro, assistant yell-leader, requested the board's approval for girl assistants to wear white skirts instead of slacks. This is to be talked over and a decision made at the next meeting.

Assembly

E. Spencer Mackey, dean of the California School of Fine Arts and a famous California artist, gave an interesting talk at Jefferson Union high school last week. He stressed the fact that many people do not understand artists and that those who study art seriously need strong character to overcome these misunderstandings.

He gave several illustrations to show how one may apply art to everyday life. "It should be one of the greatest sources of pleasure as one grows older. In our attempt to build a better world we should not lose sight of the fact that it should be a more beautiful world."

Mackey reminded the students of the advantages of our educational system with its very low costs to the individual.

Jaysee Mothers Club Plans Nov. Card Party

San Mateo junior college mother's club will hold their annual card party at 12:30 p. m., November 1, in the Julia Beylard hall. An entertaining program has been arranged, with cards following. There will be a prize for each table.

Reservations should be made by phoning the chairman, Mrs. A. J. Wehner, 2775 M.

The October meeting of the club will be held at 2:30 p. m. tomorrow in the Julia Beylard hall, preceded by an executive board meeting at 2 p. m.

Cottonmouth Moccasin

The cottonmouth moccasin is a dangerously poisonous snake generally of dark chestnut-brown with some darker barring and with yellowish-white stripes on the head and throat. The common name of this snake refers to the white lining of the mouth, which it is said to display before biting. Cottonmouths may attain a length of four feet. They are not aggressive and most cases of snake bite in which they are involved are due to the reptiles being stepped on.

Neptune's Racecourse

Omey Island, a short distance off the west coast of Ireland, is not an island at all at low tide. Then it is connected with the mainland by a bed of sand packed so hard and smooth that horse and cycle races are frequently held where the sea has rolled only a few hours before.

Court St. Mary Initiates Class

Colorful ceremonies initiated a large class of candidates into Court St. Mary, No. 1155, Catholic Daughters of America, Thursday evening. Many visitors from other courts were present, including the State Chaplain Monseigneur John J. Cullen and a friend of his, Father Powers.

District Deputy Miss Margaret Sheehan complimented Court St. Mary officers on their perfect work and congratulated the young candidates.

Grand Regent Mrs. Ida Forest expressed the hope that the girls will become active in the order. She then presented a table lamp as a gift to the latest bride, Mrs. George Wright, who was formerly Miss Gladys Bizzo.

Father Thomas Phelan, Court St. Mary's chaplain, entertained with some good old Irish tunes, and Mrs. Janette Gray, court prophetess, gave some vocal selections.

Mrs. Azilda Coleman and her committee served refreshments from tables decorated in the Halloween motif. Mrs. Jenny Johnson had decorated the hall in an attractive manner for the occasion.

High Seventh, Low Eighth

"Did The South Have The Right To Secede From The Union?" was the question debated by the high seventh and low eighth grade pupils last week.

Jackie Farmar, chairman, and his committee of two, Carmella Blandini and Emile Gardella, represented the affirmative side. On the negative side were: Chairman Franklin Hukari, assisted by Lorraine De Fanti and Charles Gardella.

Winner of the day was the affirmative side and Jackie Farmar was chosen as the best single speaker.

Annual Boat Ride To Paradise Cove

Sixth, seventh, and eighth grades of Jefferson school held their annual boat ride to Paradise Cove, Friday, October 11.

At exactly 9 a. m. the big double-deck Crowley boat pulled out and for a time followed the shoreline of San Francisco bay. Down to the ship-building plant at Hunter's point, over to Belvedere, Tiburon, Sausalito, past Yerba Buena and Treasure Islands, Alcatraz, San Quentin, California City and out the Raccoon straits—the excursion boat missed nothing of interest in beautiful San Francisco bay.

It was a wonderful experience to pass under the two lofty and magnificent bridges instead of over them, pupils reported.

Accordians, steel guitars and a portable radio furnished music and the children sang the many songs they knew.

The boat docked at Paradise Cove for lunch, and a very hungry group lost no time in gathering around picnic tables on the hillside overlooking the bay.

The next several hours were spent according to the personal inclination of each person. Some pupils hiked over the hills and along beautiful trails where the ground was covered with the multi-colored leaves of Autumn; some waded in the shallow, warm waters of the bay, while on the stage of the open-air dance pavilion Master of Ceremonies Verna Moresco announced accordion numbers by Bernard Orvitz and Don Bortis, guitar numbers by Thomas Tromberg, songs by the glee club, tumbling acts by Anna Domecus and piano solos by Verna Moresco. Those who felt like dancing, danced, while outside the pavilion a ball game was enthusiastically cheered.

The end of a perfect Indian Summer day came all too soon. At 4 p. m. the hundred boys and girls were again on the boat, happy but tired, as they watched Paradise Cove fade from view for another year.

At Woodrow Wilson Primary School

Children of the high first and low second are quite excited over the prospect of visiting a farm. This excursion is planned so the children may see farm animals, and how they are cared for. For the past two or three weeks the children have been studying farms and ranches.

Fourth graders are now studying California. At the present time they are using lantern slides of the old Spanish missions of California. These beautiful buildings, situated on the old El Camino Real, became alive and real once more.

Students of Woodrow Wilson are happy to welcome two new students into their school. Dorothy Dean Williams has just enrolled into the fourth grade class. Dorothy came from Albuquerque, New Mexico. Another fourth grade new-comer is Alma Peltier, who just recently moved here from San Francisco.

At Woodrow Wilson Elementary School

Woodrow Wilson's school paper the "Herald" is being revised this term, with a new idea never before used by the children.

Instead of having one large paper the school decided that each room will put out its own paper.

Woodrow Wilson students are quite proud of the fact that they were the first school in the district to publish a school paper.

Room 8

Students of Room 8 have devised a new technique of presenting spelling, vocabulary building, and dictionary use. Sentences composed by the class, using several words in the spelling lesson are written on the board. Every week different students illustrate these sentences.

Room 9

Friday was a big day for the children of room 9. They spent an afternoon at De Young museum in San Francisco. This excursion climaxed a unit of study on the Crusade period.

Eighth Grade

"How the United States Trades With the World," is the main topic of discussion for the pupils of the low and high eighth grades.

This unit has dealt with contrasts of early and present methods of trade, the introduction of money, the importance of discoveries and inventions as a means of increasing trade, and the many changes in the standards of living.

First White Visitor

On March 6, 1521, Ferdinand Magellan, the first white man to go to the South Sea islands, landed on Guam, the southernmost island of the Marianas group.

Jefferson School

Second And Low Third

Second and low third grades of Jefferson school took "The Community" as their first unit in social science. Various phases of community life were studied, discussed, and illustrated.

One community service which especially interested the class was the fire department. The children have decided to learn more about the necessary, heroic firemen of every community.

Harold Varni, Jimmy Graziani, Donald Garibaldi, and Edward De Matei have promised to tell the classes many exciting, true stories about the firemen, as they have relatives in the fire department. A visit to the fire house is anticipated with much excitement and interest.

Fifth Grade Program

A Columbus Day program was held, Friday, October 11 in the fifth grade of Jefferson school. David McCahon read the inspiring poem "Columbus" by Joaquin Miller. Esther Valleria gave a report on the life of Columbus. Jack McCaffrey talked of the voyages and discoveries made by Columbus in the New World.

After the program the class discussed the importance of Columbus' work and why he is an inspiration to boys and girls. They learned that he was courageous and determined.

Sixth Grade And Radio

Children in the sixth grade surprised their principal and teacher with an interesting, impromptu radio program on their social science unit.

They set up a make-believe "Mike" and assumed the responsibility and management of announcers and speakers. Every child in the class participated, presenting an interesting report, or experience to his teacher-pupil audience.

Following this radio presentation, a demonstration and description of lamps and picture graphs were given by Harold Bocci, Rose Brandi, Nathan Agresti, Mary Jauch, Angelo Craviotto, and Angelina Micheletti.

Kindergarten

Plans for a Hallowe'en party are being made by the Kindergarten pupils. They have found that for a successful party each pupil must pitch in and do his share of the work.

Good manners, how to introduce each other to the teacher, and what to say to the hostess are also being learned.

Gen. Pershing PTA Attends Cooking School

Members of General Pershing PTA will brush up on culinary art today at the Daly City Record Cooking School at the local theatre. New ideas for attractive, appetizing meals for growing boys and girls will send the ladies back to their own kitchens with new enthusiasm.

Attending Friday's district meeting were Mrs. Marge Woodside, historian; Mrs. Ilda C. Marquis, past president, and Mrs. Virginia Davidson, president.

Pescadero Entertains Seventeenth District

Pescadero entertained 163 delegates from 38 of the 41 units at the seventeenth district conference on Friday.

By the acceptance of executive board recommendations, a \$50 scholarship was established to help a worthy high school graduate attend San Mateo junior college.

Noted speakers made the conference a memorable and inspiring one, according to members who attended.

Sew And Sew Club To Meet Tomorrow

Crocker PTA Sew and Sew club will be entertained tomorrow morning at the home of a new member, Mrs. Eva Hobbs, 847 Hanover street, at 10:30 a. m. All members are invited to attend.

Hostess at the last meeting was Mrs. Florence Thorsen, at the home of Mrs. Agnes Prescott. A dozen ladies were present, with the infant son of Mrs. Beatrice Caratti enjoying his first meeting with the PTA group.

One week from tomorrow the executive board of the unit will meet at the home of Mrs. Emma D'Isep, 884 Templeton avenue, with a meeting of the Sew and Sew's following. Everyone is asked to bring her sewing and sandwiches.

Synthetic Koroseal

Electric transmission cables coated with a new synthetic called koroseal have been found capable of resisting the destructive ravages of the extremely corrosive gas, ozone, for periods as long as three years. Cables coated with ordinary insulating material are eaten through by ozone in three seconds.

Troop 101 Changes Meeting Date

Boy Scout Troop No. 101 will meet hereafter on Friday evenings instead of Mondays, Scoutmaster Frank Coughlin announced today.

The hour will remain the same, 7:30 p. m., but the place has been changed from the No. 5 firehouse to Our Lady of Perpetual Help school, a more central location.

Members of the troop committee are reminded that their regular meeting is scheduled for 7:30 p. m. this Friday at Our Lady of Perpetual Help church.

Beginnings of Kindergarten
Maria Montessori, the Italian educator, studied at the University of Rome and graduated in medicine in 1894, being the first woman in Italy to do so. She then took up the subject of educating defective children. From the experience thus acquired, she came to the conclusion that similar methods might be applied to normal children of a lower age, and after a series of experiments on a small scale she extended them to a large number of children in private and public nursery schools in Rome. Her ideas on education have been set forth in several books which have been widely translated.

The Great McGinty Comes To Screen Of D. C. Theatre

Theatre fans, who view "The Great McGinty" at the Daly City theatre tomorrow evening, will see a film which marks a definite innovation in screen fare.

Preston Sturges, first Hollywood writer-director, has departed from the usual formula to present a rowdy and utterly amusing picture.

It is more than difficult to present any vaguest idea of the picture by a relation of the story itself. The opening scenes in a cheap cabaret in an undesignated banana port town, are merely to make way for the recital by one Dan McGinty—bartender—of the story of his life. A product of the streets, Dan literally punches and bulldozes his way into the favor of the Boss of the political ring in his city, and rises in meteoric fashion from a collector of graft, to alderman, to mayor and, finally, to governor.

Along the line he marries his secretary, simply because only married men can command the important feminine vote. When, later, he comes to adore her—a love that is enthusiastically returned—she persuades him to go straight, applying the spoils which the ring has been dividing to the betterment of the poor. His break with the Boss lands both of them in jail. The subsequent details of the descent of McGinty from the heights build the picture to a dramatic, and wholly unanticipated climax.

While it is largely hilarious comedy which dominates the story there are tensely dramatic scenes. Inspired casting has given Brian Donlevy the role of McGinty; Akim Tamiroff that of the despotic Boss, with a sense of humor; and Muriel Angelus as McGinty's wife.

Companion feature will be "Blondie Has Servant Trouble," with Penny Singleton, Arthur Lake and Larry Simms.

Largest Registration—

San Mateo county's largest election registration in history—67,064—was announced today by County Clerk W. H. Augustus.

The Democratic party, with 35,828, has the largest number of supporters, nearly 8,000 ahead of the 28,687 Republicans registered for the November 5 election.

The Communists are represented by only two persons, both men, while Townsendites have 53 registered.

McGINTY MAKES A SPEECH

Backed by charming Muriel Angelus, Brian Donlevy delivers himself of an election promise in this scene from Paramount's "The Great McGinty," which makes its bow tomorrow at the Daly City theatre. Akim Tamiroff is also prominently cast.

A. M. Harrison Expands Plant

Another Daly City business firm expanded its facilities last week as A. M. Harrison Plumbing company moved into enlarged quarters at their place of business, 6236 Mission street.

A new 25 by 50 foot workshop, roomy and modern, will more than double the space available for the shop's activities and will provide ample room for six men to work at once. Huge sliding doors of corrugated iron are being added this week, and new equipment installed.

The workshop adjoins the Harrison showrooms, where the latest in plumbing fixtures, ranges, refrigerators and other household furnishings are on display.

"Our new outside shop will enable us to give our customers even greater service than before," Harrison said today. "We cordially invite the public's inspection."

LIGHT CONDITION with Better Sight Lamps

Be good to your eyes. At all your easy chairs where eyes work hard at sewing, reading or study, make seeing easier with softly diffused light for better sight.

Choose lamps that are designed to guard your sight. These modern Better Light for Better Sight lamps are no ordinary lamps. Standards are of proper height, shades are open top and bottom and have a white lining that diffuses fully twenty per cent more light than a dark shade. And of course the inner diffusing bowl gives the daylight softness of light that is kind to the eyes.

See that your rooms now, during winter, have happy, cheerful light that is kind to the eyes. Check on your bulbs. Replace all burned out lamps. But be sure to replace these with the right sized lamp. The best in lighting costs very little more than poor lighting. Your eyes will tell you good lighting feels good.
